## Free Technical Training Events in May

The Public Works Board is sponsoring two free technical training events in May: One on May 3-4, 2016 in Colville, and the other on May 24-25 in Ritzville. Both days will feature the same training each day – you pick the day and location that suits you best. Each day will also feature a tech team opportunity. CML and CEU credits are available.

## The Importance of the PWAA to Walla Walla

Board Member and Walla Walla City Council Member Jerry Cummins explains why he supports the Public Works Assistance Account (PWAA), and the importance of the PWAA to the City of Walla Walla. The PWAA provides a straight forward and easy process for local jurisdictions to obtain low interest loans to finance public infrastructure construction and rehabilitation. The PWAA has been a national model for infrastructure financing since its inception in 1985.

## Project Highlight: City of Buckley

Trail Well Treatment Facility building and Backwash Recycle Reservoir

On August 26, 2011, the Public Works Board awarded a \$1,805,000 loan to the City of Buckley for the completion of the Trail Well and Emergency Intertie Booster Station. It was constructed to connect with Tacoma Water, to supply water needs during shortage events.

## Supporters of Restoring the PWAA

Supporters of the Public Works Assistance Account (PWAA) and the Public Works Board have been actively lobbying their legislators on behalf of restoring the PWAA. If your organization produces a similar letter of support, please share it with us, and we will add you to our list.
