

Washington State

Public Works Board

Recommended for 2016 Construction Loan Funding:

City of Longview

Washington Way Bridge Replacement

- County:** Cowlitz
- Legislative District:** 19th
- PWB Loan Request:** \$1,380,084
- Other Funds:** \$5,168,976
- Total Project Cost:** \$6,549,060
- Serves:**
 - **Schools:** 8 (3,799 Students)
 - **Community Facilities:** 1

Replace the existing timber bridge with a concrete slab bridge, increasing the width to meet current design standards including sidewalk and curb on both sides. Improve the bridge to meet current standards for structural loading and realign the bridge as needed to accommodate the approach roadways at Kessler and Nichols Boulevard intersections.

Previously Funded PWTf Projects	Amount	Year	PWTf Program	Status
Sewer System Rehabilitation	\$1,000,000	1988	Construction	Complete
